APOSTOLIC NUNCIATURE
IN GEORGIA

Your Excellency,

As we steadily and safely move forward leaving behind us the world health pandemic crisis (covid-19), the diplomatic community accredited to Georgia would like to express how much we appreciated the Georgian Authorities' and in a particular way the Ministry of Foreign Affairs' continual and unwavering interest in our well-being and needs throughout the most challenging moments of the crisis.

The attentive and constant contact with the diplomatic community gave us the strength and the means to serve and look forward to the end of this tragic world crisis. We are very grateful for everything that was done and realize that words cannot fully express our appreciation for the professional dedication and guidance accorded to us.

The Diplomatic Corps wish to convey its gratitude to the Government Authorities, deputies and to the many in your offices whose diligence, patience and friendliness is exemplary and always greatly appreciated.

With the expectation that soon we will be able to meet again to personally express our deepest respect and gratitude

Respectfully Yours
+ José A. Bettencourt
